I request that this course be approved as an  
upper-level computer science elective.

**Yes**

**No**

Permission to enroll does not guarantee that the course will be approved as an upper-level computer science elective. In particular, **at most six combined** credits of CPSC 497 **and** CPSC 498 **combined** count as **one** 3-credit CPSC elective. If permission is granted to enroll, I promise to submit a report detailing the results obtained.
